1:18 Scale Ready-To-Run 4WD Electric Touring Car

The 1:18 scale Apex is a ready-to-run electric 4WD touring car. Features include a new paint scheme (available in either charcoal or white), black spoked wheels, XP radio, fluid-filled shocks, and an inline mounted "Super 370" high-performance motor. A 6-cell battery and wall charger are also included. Just charge your battery, add 4 AA's, and you are racing!

High-performance electronics package:

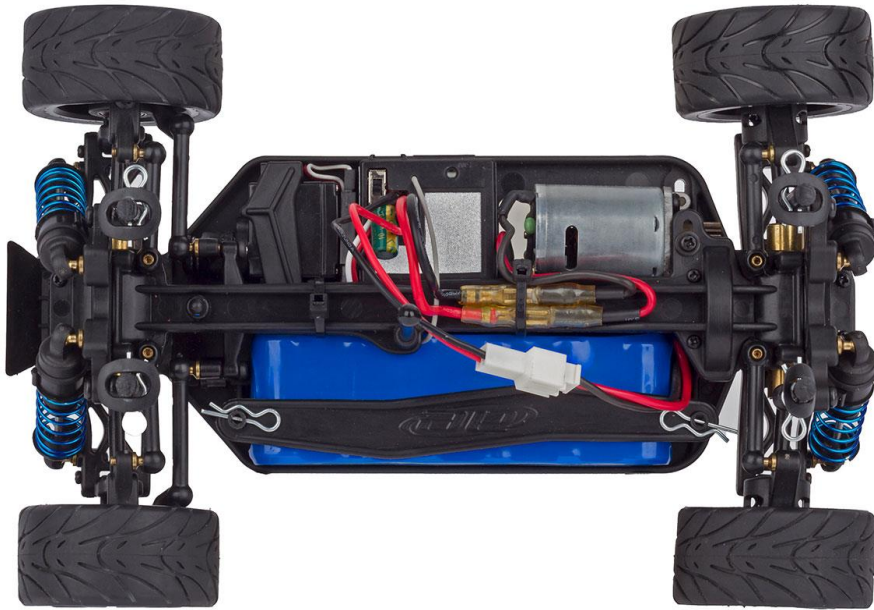

Reedy Powered all-in-one water-resistant speed control + receiver

Reedy Powered servo

Transmitter, battery and wall charger

Specifications:

Scale	1:18
Power	Electric
Length	206mm/8.11in
Width	140mm/5.51in
Weight	590g/1.3lb
Wheelbase	154mm/6.06in
Drive	4WD

Required to Complete:

- 4 AA batteries

Features:

- The Apex 1:18 transfers all the power to the ground with its efficient shaft-driven, 4WD powertrain featuring adjustable ball differentials front and rear.
- The Apex 1:18 suspension absorbs all of the imperfections of the road with fluid-filled shocks for smooth and consistent dampening.
- The four lower suspension arms are symmetrical and work with the molded upper suspension links to ensure that the Apex 1:18's suspension geometry is optimized from the start.
- Team Associated's XP and Reedy Powered series electronics installed in the Apex 1:18 are compact and easy to use while providing high performance. A 10-hour wall charger is included.
- White or Charcoal Niteline body with sleek graphics applied.
