

For Immediate Release: February 2025

## CR12 OverTrail RTR Combo

#40014C

**CR12**  
TRAIL SERIES  
OVERTRAIL

ELECTRIC ▪ OFF ROAD ▪ 1:12 SCALE ▪ 4 WHEEL DRIVE ▪ RTR

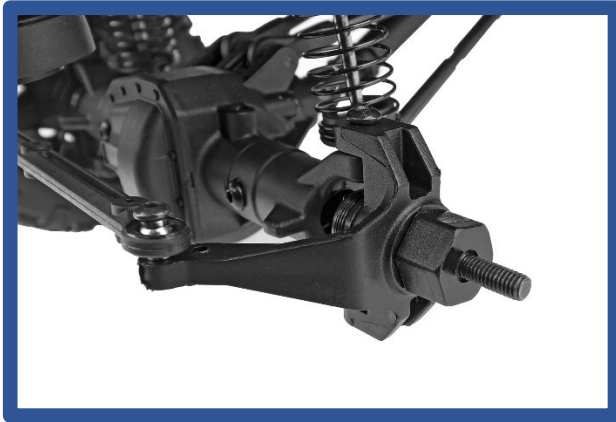

The CR12 Trail Series Scale 4x4 truck may be small in size but is packed full of features. This rig comes Ready-To-Run with Reedy Power electronics and meets S.O.R.R.C.A. class 1 and 2 rules right out of the box. No need to prep or build your rig; just charge it and you're ready to hit the trails!

Designed not only for scale looks with realistic wheels, tires and body, the CR12 is built for performance as well. The steel ladder frame chassis provides the perfect backbone for this rugged little rig. The 4-link suspension, threaded shocks, and soft rubber tires give the grip and performance needed to climb over the roughest terrain. Transferring power to the rocks is a compact 3-gear transmission, plastic low-friction slider-type drive shafts, front steel CVA axles, and metal shield ball bearings.

**Get ready to hit the trails  
with the CR12 scale 4x4 truck!**

## HIGHLIGHTS

**CR12 OverTrail Axle**

**Fully Adjustable, Threaded,  
Fluid-filled Shocks**

**Off Road Style Front Bumper**
