

For Immediate Release: November 15, 2023

New! HR28 Hot Rod RTR

ELECTRIC ■ ON ROAD ■ 1:28 SCALE ■ 2 WHEEL DRIVE ■ RTR

Team Associated's HR28 1:28 scale electric 2WD RTR Hot Rod may be small in size, but it's packed full of features and ready for fun right out of the box. The HR28 is a no-nonsense pint-sized Hot Rod that looks great and drives smooth thanks to a powerful electric motor and capable drivetrain.

No need to prep or build your racer; just charge it and you're ready to drive! The included 2.4GHz transmitter allows complete control, enabling you to navigate around, through and over obstacles with ease! Race-inspired wheels and body make for a great-looking package that will also perform well on the staggered-size foam tires.

When the HR28's integrated LiPo battery becomes discharged, the convenient built-in transmitter charger makes it easy to get back to full power and ready to run in less than an hour. A built-in rechargeable LiPo battery and 4 AAs are included, making the vehicle ready to go right out of the box!

Contains all required items to drive
2.4GHz transmitter with charging cable
Plug in, Charge, & Go!

UPC	Part No.	Description	MSRP	MAP	Available
