

For Immediate Release: September 26, 2023

## #40008C MT12 Monster Van RTR LiPo Combo

ELECTRIC ▪ OffROAD ▪ 1:12 SCALE ▪ 4 WHEEL DRIVE ▪ RTR

Coming to a stadium near you, the MT12 Monster Series 4x4 Monster Van may be small in size, but it's jam-packed full of incredible features! Equipped with Reedy Power electronics, this rig comes Ready-To-Run with everything you need right out of the box. No need to prep or build your rig; just charge it and you're ready for some pedal-to-the-metal, car-crushing action!

Designed not only for scale looks with realistic chrome wheels, chevron-style tires, and retro-styled van body, the MT12 is built for car-stomping action as well. The steel ladder frame chassis provides the perfect backbone for this rugged little monster. The 4-link suspension, threaded shocks, and soft rubber tires give the grip and performance needed to smash over cars or through dirt and mud. Transferring power to the ground is a compact 3-gear transmission, plastic low-friction slider-type drive shafts, front steel CVA axles, and metal-shield ball bearings.

With the MT12 4x4 Monster Van, you'll pay for the whole seat, but you'll only need the edge!

# HIGHLIGHTS

## MT 12 MONSTER SERIES

Chassis Mounted Steering (CMS) Servo

Fully adjustable threaded fluid-filled shocks

Metal front CVA axle shafts

13.98:1 ratio 3-gear transmission with integrated motor mount

Includes 2.4GHz XP transmitter, receiver, Reedy Power water-resistant speed control, 380 motor, servo, and 850mAh Li-Ion battery

Metal 4-Link front and rear suspension

Chrome deep-dish faux beadlock wheels

Injection-molded chrome front grill and clear headlight lenses

Due to ongoing R&D, photos may not match final kit. Vehicle shown on these pages equipped with items NOT included in #70022: Reedy battery.
