

For Immediate Release: August 27, 2020

New Parts for the RC10B74

#92137 Shims, 5.1x8.0x0.20mm

For use on RC10B74 to replace 5x12x0.2mm in #92132. This shim will resist coning under load and prevent the differential from binding.

#92255 RC10B74 G10 Chassis Brace Support Set, 2mm

2mm G10 fiberglass chassis brace supports for use on the RC10B74 platform. The G10 fiberglass is more flexible than carbon fiber and can provide more forgiveness on bumps, more fluid cornering, and more rear grip.
