

For Immediate Release: March 2025

#30139 RC10 American Custom Semitruck 6x6

ELECTRIC ▪ 1:10 SCALE ▪ 6 WHEEL DRIVE ▪ KIT

CHAMPIONS BY DESIGN

We are excited to introduce the RC10 American Custom Semitruck 6x6 Kit, a groundbreaking addition to our lineup that combines innovation with high-performance design. This comprehensive kit boasts a range of exceptional features, including durable white plastic parts, a striking new 6x6 body set, and a robust 6x6 plastic gearbox set. It also includes a 6x6 diffuser set with body accessories, a sleek gold aluminum chassis plate, and high-quality FT ball end set. For enhanced control and precision, the kit features aluminum turnbuckles, gold shock bodies, and a gold motor plate. Completing the package are satin chrome wheels, adding both style and functionality. Build the ultimate 6x6 vehicle with the RC10 American Custom Semitruck 6x6 Kit!

A TRIBUTE TO THE CAR THAT CHANGED RC OFF-ROAD RACING FOREVER!

On December 5th, 1984, the all-American designed Team Associated RC10 was introduced to the RC world. Being the first to take home the gold in both the ROAR National and IFMAR 2WD World Championships, the RC10 secured its place as a legend in RC car history. 2024 marked the 60th anniversary of Associated Electrics/Team Associated, the 40th anniversary of the RC10.

It is for that reason, we are proud to offer this unique Kit, the RC10 American Custom Semitruck 6x6.

The RC10 6x6 Kit pays tribute to the legendary RC10 by incorporating the nostalgic look of the car that changed RC off-road racing forever. The customized full decal sheet features the same classic livery along with the look of natural-colored plastics and gold anodized aluminum parts.

If you're a fan of vintage RC, then the RC10 American Custom Semitruck 6x6 Kit from Associated Electrics is the vehicle for you!
