REFLEX 14B CLASSIC KIT

Team Associated has been at the leading edge of off road for over 40 years and proud to introduce the 1:14 scale Reflex 14B Classic Kit 4WD electric buggy. You know this buggy was designed with performance in mind: The adjustability offered by the turnbuckles, caster blocks and rear hubs, make the Reflex 14B Classic Kit perfect for any terrain you can throw at it. Additional features include three sealed differentials, gold aluminum steering rack and light-weight aluminum center driveshaft. These innovations have increased the potential for grip and corner speed, which leads to faster lap times and an overall thrilling-to-drive feel. With the Reflex 14B Classic you can now have big performance in a small scale package!

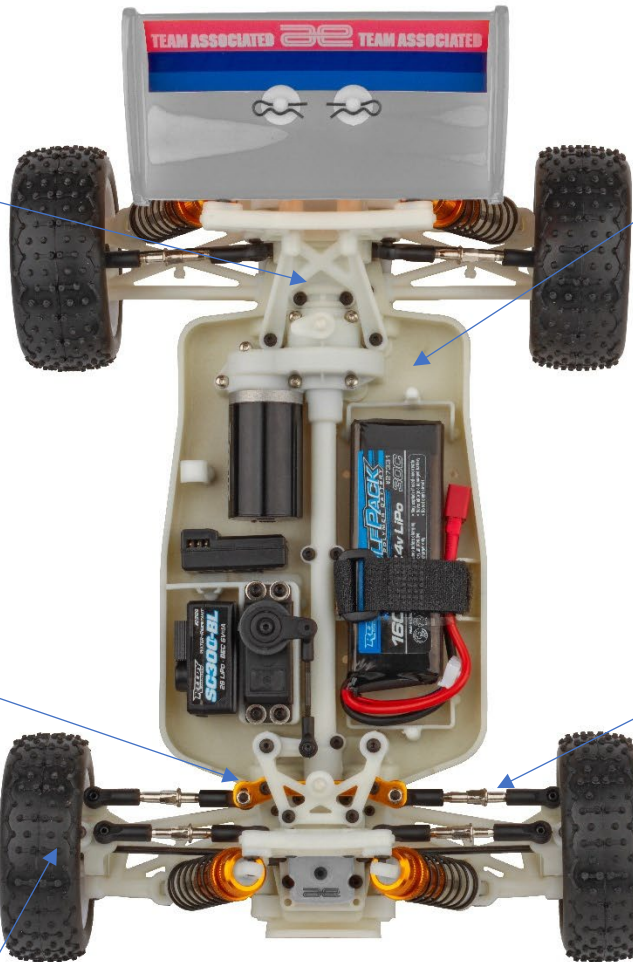

You can always count on durability, speed, and lineage of a champion with any Team Associated race platform.
