

:: Belted Tire Warning

WARNING

These tires have been developed to be used only with 2S 1:10 brushless systems. Allowing the tires to spin unloaded and not in contact with the ground could result in damage to the belting structure. Damage because of the above mentioned will not be covered under warranty.

Clean the tire and wheel bead.
Carefully apply CA glue
(tire adhesive) to the tire bead
on both sides. Do one side at
a time, allow it to dry before
gluing the other side!
CA glue not included!
