

For Immediate Release: Feb. 20, 2015

NEW! **FACTORY Team** Shock Shaft Pliers

Available on RC10.com

Factory Team Shock Shaft Pliers make it easy to grip shock shafts while screwing on the shock ends, leaving the shaft clear of scratches in the process. The Shock Shaft Plier's large clamping surface and long handle provide plenty of leverage for gripping shafts with minimal effort.

Features:

- Works for 3.0-4.0mm shock shafts
- Holes in end of handle for measuring shock shaft size
- Compact design for easy storage
- Made of billet aluminum for strength and durability
- Blue anodized
- Laser-etched logo and shaft sizes
