

For Immediate Release: July 7, 2016

### NEW! APEX Limited Edition 1:10 4WD Touring Car Kit

Available for the North American market only

For a limited time, Team Associated is proud to offer our 1:10 scale APEX Touring car in kit form.

Make it your own! The APEX Touring kit is the perfect platform for school projects or customers on a budget who want to get started in VTA, Touring on-road racing, or drifting.

**Items needed for operation:**

1:10 electric motor, electronic speed control, steering servo, 48-pitch pinion, battery, battery charger, 2-channel surface transmitter, 2-channel receiver, 1:10 190mm on-road car body, paint for body, 1:10 scale touring car wheels and tires, tire glue, and tools for assembly. Assembly required.
