For Immediate Release: January 27, 2017

NEW! RC10T4.3 Brushless Ready-To-Run

1:10 Scale Ready-To-Run 2WD Electric Off Road Race Truck

The T4.3 RTR is a fully assembled truck that features a new Team Associated 2.4Ghz radio system as well as an all new metal-gear, high-torque Reedy digital servo. Power is supplied by a Reedy 3300kV brushless motor while the water-resistant, high-power, 3S capable Reedy electronic speed control with T-Plug and LiPo low voltage cutoff provides smooth throttle control. Revised suspension arms provide additional durability and longer wear for everything from backyard bashing to head-to-head racing at your local track.

The T4.3 RTR combo includes all the features listed above as well as the Reedy Compact Balance Charger and Wolfpack LiPo 3300mAh 30C 7.4V battery.

A full line of Reedy and Factory Team performance parts are also available.

**Due to on going R&D, actual product may be different than pictures*

POWERFUL 2.4GHz
RADIO SYSTEM

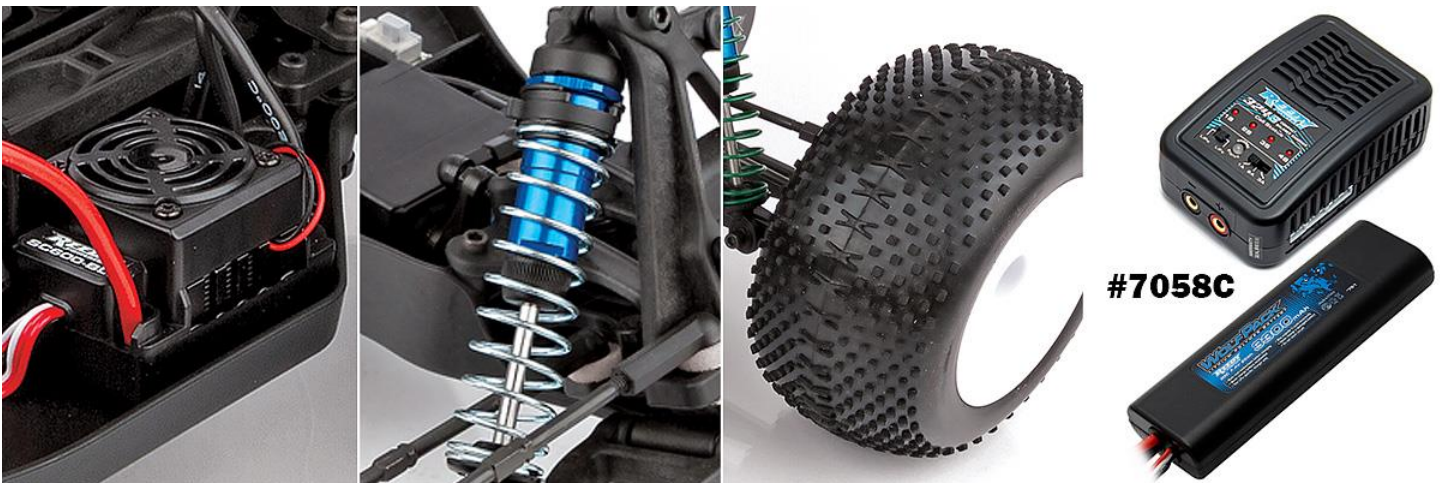

Features of the RC10T4.3 RTR:

- Fully assembled 2WD truck with two body color schemes available
- Water-resistant, high-power Reedy brushless speed control with T-Plug connector and LiPo low voltage cutoff
- Powerful Reedy 3300kV brushless motor
- 2.4 GHz 2-channel radio system with a metal-gear, high-torque Reedy digital servo
- Blue anodized aluminum V2 coil-over shock absorbers
- Heavy-duty sealed gear differential with adjustable slipper clutch
- Factory-finished Interceptor-T body
- Water-resistant enclosed receiver box
- High traction compound tires pre-mounted on white hex drive wheels
- Molded composite chassis and battery strap that fits NiMH or LiPo battery packs
- Rugged steel turnbuckles for adjustable camber and front toe-in
- Vertical ball ends for roll center adjustments, front and rear
- #7058C Combo version includes Reedy Compact Balance Charger and Wolfpack LiPo 3300mAh 30C 7.4V battery
