## New! WolfPack LiPo Mini 1400mAh 35C 3S 11.1V with T-plug

Reedy's all-new WolfPack Mini 1400mAh 35C 3S battery has arrived! Designed by our engineering team with performance in mind, this lightweight and compact alternative to the typical shorty style or soft-case Crawler battery allows for a variety of mounting options to dial in handling in a variety of conditions and terrain. A generous 35C rating and a 3S configuration means more power, more speed, and more FUN!

Beefy silicone wires exit the case through a rubber gasket which protects the wire's insulation while helping to prevent moisture from entering the case. High quality cell manufacturing and construction techniques result in reliable operation and maximum cycle-life. A low-resistance T-plug connector and integrated balance lead with XH connector come standard.

LiPo battery technology continues to progress and Reedy is proud to bring improved performance to the masses.

### Features

- High capacity for extended run times
- Generous discharge rating increases power and speed
- Durable hard case for increased crash protection
- Reliable operation and maximum cycle-life
- Low-resistance T-plug connector
- Rubber gasket wire protection
- Value priced

### Specifications

Model Number	765
Capacity	1400mAh
Voltage	11.1V (3S)
Dimensions (mm)	87.2 x 34 x 22.7
Discharge Current	35C
Weight (g)	122
Plug	T-Plug
Suggested Application	1:12 and 1:10 Crawlers and Trail Trucks
