

For Immediate Release: April 17, 2023

New! Machined FT Ring and Pinion Set for Enduro SE

This Factory Team set for the Enduro SE vehicles provides machined ring and pinion gears for precise mesh fit, and both are made of steel for increased durability.

The six mounting screw holes add another level of durability, and the included Golden Grease ensures smooth performance. Use the shims in the package as needed for precise spacing.

Features

- Machined Steel Ring Gear Spool
- Six (6) mounting screw holes for added durability
- Mounting holes use M2 x 8mm SHCS screws, included
- Machined Steel Ring Gear, 30T
- Machined Steel Pinion Gear, 8T
- Assembly Golden Grease included
- Four (4) each ring and pinion shims included
- For the 1:10 Element RC Enduro SE line
