New! CR28 RTR

Team Associated's CR28 1:28 scale electric 2WD RTR Trail Truck may be small in size, but it's packed full of features and ready for adventure right out of the box. The CR28 is a no-nonsense pint-sized Trail Truck that looks great and drives smooth thanks to a powerful electric motor and capable drivetrain.

No need to prep or build your rig; just charge it and you're ready to drive! The included 2.4GHz transmitter allows complete control, enabling you to navigate around, through and over obstacles with ease! The increased ground clearance and rubber tires allow the CR28 to handle like no other vehicle in its category.

When the CR28's integrated LiPo battery becomes discharged, the convenient built-in transmitter charger makes it easy to get back to full power and ready to run in less than an hour. A built-in rechargeable LiPo battery and 4 AA's are included, making the truck ready to go right out of the box!

With all this packed in one box, we know the CR28 Trail Truck Crawler is ready for an adventure--are you?

CR28
1:28 SCALE TRAIL TRUCK

READY-TO-RUN
EVERYTHING INCLUDED!
JUST CHARGE AND DRIVE!
