

For Immediate Release: June 15, 2021

NEW! Reedy Wires and Adapters

Silicone Wire 10AWG, black, 1m

Competition applications like drag racing can benefit from a reduction in resistance that larger wire can provide. This high-quality flexible silicone wire features pre-tinned copper strands for corrosion resistance and easy soldering.

Shown: #796 Silicone Wire 10AWG-Black (1m)

Blackbox 510R 1S ESC/Programmer2 Connection Wire

This unique wire, required for programming your 510R 1S version ESC, is now available separately.

Shown: #27040 Blackbox 510R 1S ESC/Programmer2 Connection Wire

Reedy 1S TX Charge Lead Adapter

When using the 1S TX Charge Lead Adapter in conjunction with Reedy's Pro 2S TX/RX charge lead, you can charge a 1S TX battery using Reedy's 1416-C2L charger in 1S balance mode.

Shown: Left, #27238 Reedy 1S TX Charge Lead Adapter. Right, same plugged in.
