## RIVAL MT10 Brushed RTR LiPo Combo

#20517C

ELECTRIC ▪ OFF ROAD ▪ 1:10 SCALE ▪ 4 WHEEL DRIVE ▪ RTR

The RIVAL MT10 is a powerful, purposeful, and built-to-last 1:10 scale monster truck. Its strength lies at the very core of this beast with its fully sealed transmission, robust, all-metal shaft drive, and center differential.

The RIVAL MT10 features long-travel independent suspension that is managed by four fluid-filled, adjustable coil-over shocks, giving the RIVAL MT10 the ability to roll over just about anything in its path. Giant aggressive monster truck tires provide maximum traction, letting the RIVAL MT10 claw through the toughest terrain with ease. The 4WD drivetrain includes three sealed gear differentials that transfer the power through durable, slider-type drive shafts to both ends of the truck.

Whether you're smokin' tires on the asphalt, rippin' through the lawn or tearin' up a dirt field, Team Associated has you covered with the RIVAL MT10 Brushed LiPo Combo!
