New! RC10B6.1 FT Carbon Fiber Standup Motor Plate

New for the Factory Team brand is the carbon fiber standup motor mount. This 3mm thick motor mount is lightweight and replaces the discontinued blue aluminum version #91794 RC10B6.1 Standup Motor Plate.

This mount is great for dirt or oval racers who want to convert to the standup transmission. Use #91717, 91788, and 91798 gearbox parts to complete the conversion.

Fits RC10B6.1 series, RC10SC6.1, and RC10T6.1, when used with the #91788 gearbox.
