

For Immediate Release: August 20, 2019

NanoSport

#20170

ELECTRIC ■ ON ROAD ■ 1:32 SCALE ■ 2 WHEEL DRIVE ■ RTR

NanoSport players, test your skills in a head-to-head face-off! Strategically battle for possession of the ball or puck, while aggressively bashing and smashing into your opponent's car. First team to score three goals wins! Enjoy blasting into action with this interactive, strategic, skill-based sport set, with the quality and design you expect from Associated Electrics.

Master skills and fuel creativity, while playing soccer, hockey and other sports with radio control cars in this NanoSport set. Features include rechargeable batteries for the cars, adjustable throttle dual rate for speed management, and an assortment of optional accessories (sold separately).

Package includes: 2 rechargeable cars, 2 transmitters/radios, 2 balls, 2 pucks and 8 AA batteries.

FEATURES

- Radio-controlled NanoSport cars can be driven with precision at high speeds
- Cars are recharged with charging cord from the transmitter/radio
- Perfect for both beginner and advanced players
- Enjoy the action of fast, fun and adrenaline head-to-head soccer and hockey games
- Players are challenged to master team work, coordination, experimentation, and to overcome obstacles in this fast-paced game
- Everything included! Just charge and drive!
