New! WolfPack Shorty LiPo Batteries with XT60 Plug

Reedy's WolfPack Shorty LiPo batteries are now available with the popular XT60 plug!

This unique battery is perfectly suited for trail trucks, crawlers, and a variety of vehicle types that use a shorty battery configuration. Wires exit the case through a rubber gasket that protects the wire's insulation while helping to prevent moisture from entering the case. High quality cell manufacturing and construction techniques result in reliable operation and maximum cycle-life.

Reedy's latest WolfPack LiPo batteries come equipped with beefy silicone wires and an integrated balance lead with XH connector.

LiPo battery technology continues to progress and Reedy is proud to bring improved performance to the masses.

Features

- Versatile shorty configuration
- High capacity for extended run times
- Generous discharge rating increases power and speed
- Durable hard case for increased crash protection
- Reliable operation and maximum cycle-life
- Low-resistance XT60 connector
- Rubber gasket wire protection
- Value priced

Specifications
