## NEW! MyLaps RC4 Pro Transponder Available on RC10.com!

The RC4 Pro Transponder is specially designed to take any RC racer to the next level. The MyLaps transponder is used in all vehicles on the track to identify the racer and record their results.

The RC4 Pro Transponder features a shorter 8 cm / 3.15 in cable, ensuring a perfect fit every time. The pitch-black design gives any RC car that beautiful finish it deserves. The transponder comes in at only 3 grams, making it the lightest version ever offered.

MyLaps Speedhive is the platform where RC racers can get more insights in their race performance. With the Speedhive app and web services you can track races, find your practice results, compare results and share your progress with friends.
