New! WolfPack LiPo 2600mAh 35C 3S 11.1V with T-plug

Reedy's all-new WolfPack 2600mAh 35C 3S battery is a powerful upgrade for 1:10 vehicles. Compared to 2S batteries, this 3S option delivers more voltage, resulting in more power, speed, and FUN! Wires exit the case through a rubber gasket that protects the wire's insulation while helping to prevent moisture from entering the case. High quality cell manufacturing and construction techniques result in reliable operation and maximum cycle-life.

Reedy's WolfPack LiPo batteries come equipped with beefy silicone wires and a reliable, low-resistance T-plug connector. An integrated balance lead with XH connector is included.

LiPo battery technology continues to progress and Reedy is proud to bring improved performance to the masses.

Features

- High capacity for extended run times
- Generous discharge rating increases power and speed
- Durable hard case for increased crash protection
- Reliable operation and maximum cycle-life
- Low-resistance T-plug connector
- Rubber gasket wire protection
- Value priced

Specifications

Model Number	763
Capacity	2600mAh
Voltage	11.1V (3S)
Dimensions (mm)	139 x 47 x 25.1
Discharge Current	35C
Weight (g)	240
Plugs	T-Plug
