Reedy Upgrade Exchange Program

Do you have lots of old RC gear lying around? You can send in your working or non-working Reedy engine, charger, speed control, or motor and exchange it towards the purchase of brand new equipment.

- The item/s you send in do not have to function at all. (Cut wires, missing connectors, and failed engines are OK!)
- All major components must be sent in. (Example: Engine needs to include piston/sleeve, connecting rod, carb, and head assembly.) Damaged or otherwise is OK.
- You can exchange multiple items.
