

Team Associated and Reedy Exchange Program

updated March 4, 2024

**For electronics only. We do not exchange kits or RTRs.
Not available outside the continental USA.**

Do you have lots of old RC electronics and gear lying around? You can send in your working or non-working speed control, motor, servo, charger or starter box **from Team Associated, Reedy or ANY other manufacturer** and exchange it towards the purchase of brand-new replacement equipment.

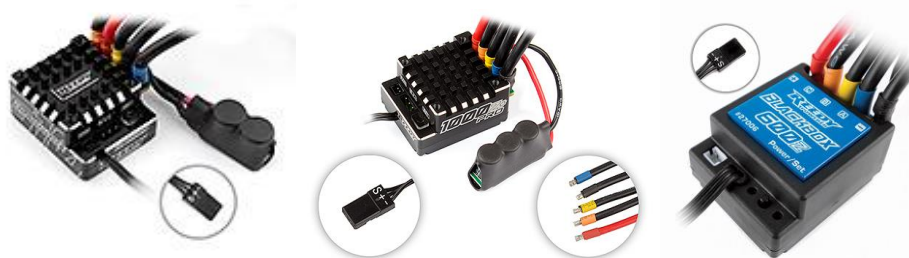

- Items sent in don't have to function. Cut wires, missing connectors, broken cases, shorted-out boards -- that's OK!
- All major components must be included with each item sent in for exchange. For example, servo must include its motor, circuit board, gears, and case. Damaged or otherwise is OK.
- You can exchange multiple items, but it's like for like: servo for servo, ESC for ESC, motor for motor.
- No multiple discounts for 1 item!
- *For the continental U.S.A. only.*
